

January School Holidays

Hanging Out 8-11 years

The Hanging Out program is designed to support students as they progress into middle to upper primary school. This program builds student's understanding of meaningful social connections and reciprocity in peer relationships.

It also provides students with strategies for comprehension monitoring including checking in with themselves and others, and deepening understanding of social context and emotions in context. Students will be supported to work together as a group and collaborate to achieve a shared outcome.

We draw on evidence-informed intervention from Social Communication Intervention Program, Social Thinking® Hanen, Talkability Program, DIR®/Floortime™ and Secret Agent Society Visual supports.

Family Support: Our program includes a parent session on day one, a phone call after the program has ended and a written summary report.

Funding: NDIS funding and Private funding can be used. Medicare funding cannot be used for group sessions.

Next Steps: For enquiries or to **register for this group** click [here](#), Scan the QR code or call our clinic on **03 9890 1062**.
