Help prepare your child for school with our school readiness group program. This group is designed to ensure that children feel confident for their exciting school journey ahead!

This 2-day program is suitable for children aged 5-6 who are starting school this 2025.

It is specifically designed to develop key skills needed for school which include social interaction, fine motor skills, and fostering independence. Through group games, creative crafts and interactive activities in an engaging and supportive environment, learning is surely guaranteed.

Funding: This service can be funded with NDIS groups programs funding allocation.
